

# Finance Norway Insurance Operations enhances service levels and efficiency for claims

Copenhagen, Denmark, 2 July 2018

## Tia will provide a digital claims cloud solution focused on claims processing.

Today, Tia Technology, a leading provider of software and solutions for the insurance industry, announces that [Finance Norway Insurance Operations](#), a part of Finance Norway - the industry organisation for the financial industry in Norway, has chosen Tia as its digital claims partner. Tia will provide a digital claims cloud solution that will help the organisation process claims more efficiently and help increase service levels to their customers.

### Addressing complexity in claims-handling

Tia will provide a comprehensive cloud solution, Tia as a Service (TiaaaS), focused on claims processing. Geir Trulserud, head of Finance Norway Insurance Operations, says "We are looking forward to a good and solid cooperation with Tia, and we trust them to provide a good solution for our needs". Finance Norway Insurance Operations' claims solution will deliver automation, a clear logging overview and task management among many other claims features.

"Of course, we are delighted with Finance Norway Insurance Operations' choice," says Tia CEO Christian Kromann. "It is a very professional and widespread

organisation in Norway with utmost credibility. They will be a strong asset in the Tia Community and the Norwegian user group, and we look forward to developing a strong relationship with the Finance Norway Insurance Operations team."
